

VISION 21V

VISION 21V BOWRIDER

Based on the Vision 21i, the Vision 21V is the ultimate fun machine. The rear mount configuration offers full surround seating, larger wakes and optional electric ballast to send the serious wakeboarder to new heights.

Standard features include metallic or gelcoat striping, velour or vinyl interior, full instrumentation, tilt steering, walk thru door, full carpeted ski locker, driver's seat adjuster, stainless rear grab rail, and bilge pump. Optional is the Vision 21V Pro-Rider which features hardcore digital Pro-Rider wakeboard graphics and custom gelcoat design.
